24 December 1959

MEMORANDUM FOR: Director of PIC

THROUGH : Acting Chief, DPD-DD/P

25X1A5a1 SUBJECT : [REDACTED]
Recommended Spare Parts List

REFERENCE : Memorandum dated 7 July 1959 (COR-0543)

1. Reference memo forwarded Contractor's cost proposal and recommended list of spare parts to support Exploitation and Processing Equipment we are procuring for PIC, Air Force, Army and Navy. It was suggested that these lists be distributed to the Customers concerned and their requirements solicited and combined with PIC's for procurement by DPD.

25X1A9a 2. Subsequent conversations with [REDACTED] PIC, indicated he was experiencing difficulty in obtaining other Customer requirements to combine with PIC's. It is considered necessary that these be consolidated to take advantage of the prices quoted, since partial or piecemeal orders will be more costly.

25X1A5a1 3. During the intervening time the Contractor has prepared a spares list for the [REDACTED] and minor revision to the other lists. A copy of the Contractor's forwarding letter and two copies of the revised lists are attached. It is again requested that PIC solicit the other Customer requirements and forward them to DPD for procurement action subject to the conditions set forth in referenced memorandum.
